VOLUNTEER | Employee Volunteer Week

> Let's put our hands together for the community

Join the many companies taking part in Hong Kong's first

Employee Volunteer Week 10 -16 May 2009

<http://www.communitybusiness.org.hk/EVWeek2009/>

Employee volunteering (EV) is an inexpensive way to enhance employees' skills and can enable companies to demonstrate their commitment to the community during tough economic times. EV is an essential part of CSR; particularly during a period of economic recession. During EV Week, companies may allow its employees to take time off during the week to volunteer on their own, or it may organise a specific activity or programme of activities for its employees to participate in.

Many companies in Hong Kong may already have successful and active employee volunteering programmes. By identifying a single week in which companies are encouraged to take action in the community, the impact and awareness of such activities can increase dramatically.

Join the many companies taking part and demonstrate your company's commitment by signing up today. For more information, please see: <http://www.communitybusiness.org.hk/EVWeek2009> or contact Ada Wong at ada@communitybusiness.org.hk.
