The Honourable Mr. Leung Chun-Ying,
The Chief Executive of Hong Kong
Office of the Chief Executive
Hong Kong Special Administrative Region
People's Republic of China
Tamar, Hong Kong

Dear Mr. Leung,

Congratulation to the Government's Announcement:

Stop Serving Shark Fin at Official Functions

The Canadian Chamber of Commerce in Hong Kong welcomes the Government's recent announcement that shark fin will no longer be served at official functions and its recommendation that officials should refrain from consuming shark fin at non-government banquets due to sustainability and conservation concerns.

On November 21, 2011 the Chamber already introduced a similar policy relating to Chamber functions and subsequently our membership base was informed of this decision and the reasons behind it.

Therefore, the Chamber would like to take this opportunity to congratulate the Government on making this pledge which is in line with local and international trends on the issue. We consider it an encouraging first step on the Government's move to raise public education and awareness about sustainability-conscious food consumption. We commend the Government on leading by example. Lastly, we also hope more organizations will follow the Government's example in the future.

For and on behalf of Sustainable Development Committee

The Canadian Chamber of Commerce in Hong Kong
